

Olympic Theater Arts Gala Fundraiser at the Sequim Holiday Inn Express and Convention Center

<http://olympic-theatre.tripod.com/>

Let there be Light!!

Our Mission Statement

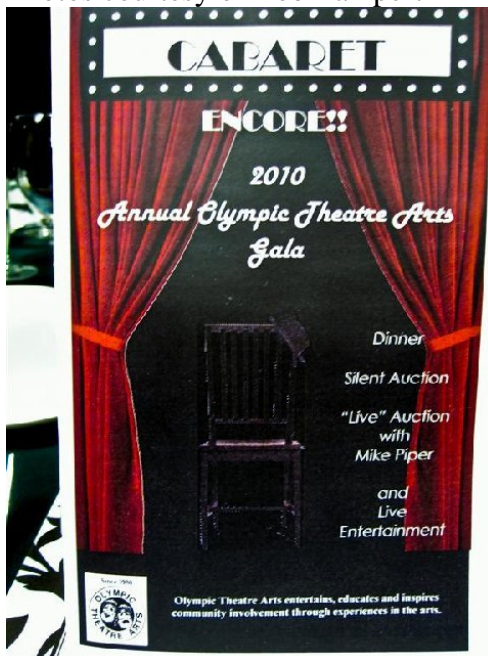

To entertain, educate, and inspire community involvement through theatrical and artistic experiences

What is theatre if you can't see the action on stage? Radio.

This is live theatre and a very important part of live theatre is the sound and lighting systems. To better serve our audiences, we are still "building" our sound and light systems and one part of the Live Auction will be a "Let there be Light" bidding opportunity.

We need to augment our current, bare bones equipment with additional pieces so you, our audience, can hear and see better! During this portion of the Auction, you will have the opportunity to contribute to the purchase and installation of this equipment.
